

Dialogue for Inclusion Conference 2019

International Dialogue of Youngsters & Policymakers

Being part of the solution

Young locals & young newcomers:
Partners in social inclusion & sustainable development
in all countries!

Powered by

Erasmus+

85 youngsters from 14 countries come together!

To shed a new light on the value of youngsters,
young newcomers and their important contribution
to social inclusion & future perspective of youngsters in Europe and beyond.

Harvesting

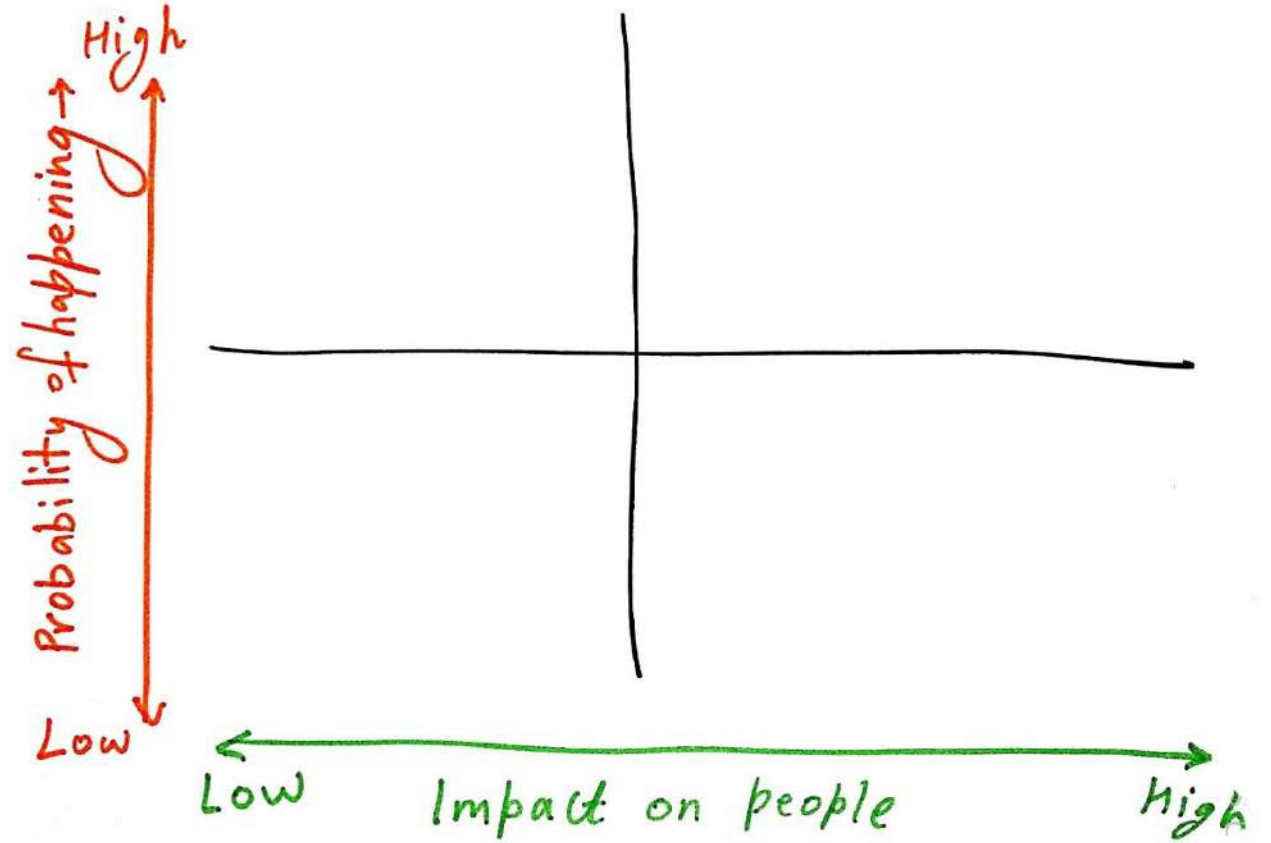

1

15 mins

- Talk only about facts about the topic
- No Ideas, No Positive or Negative
 - What was your experience
 - Who were stake holders
 - What were results
- Any numbers or figure you want to share
- Use visual drawing along with text on your post-its

Use this graph to
paste your post its
Take help of your
group and table
leader to judge in
which quadrant your
post-it must go

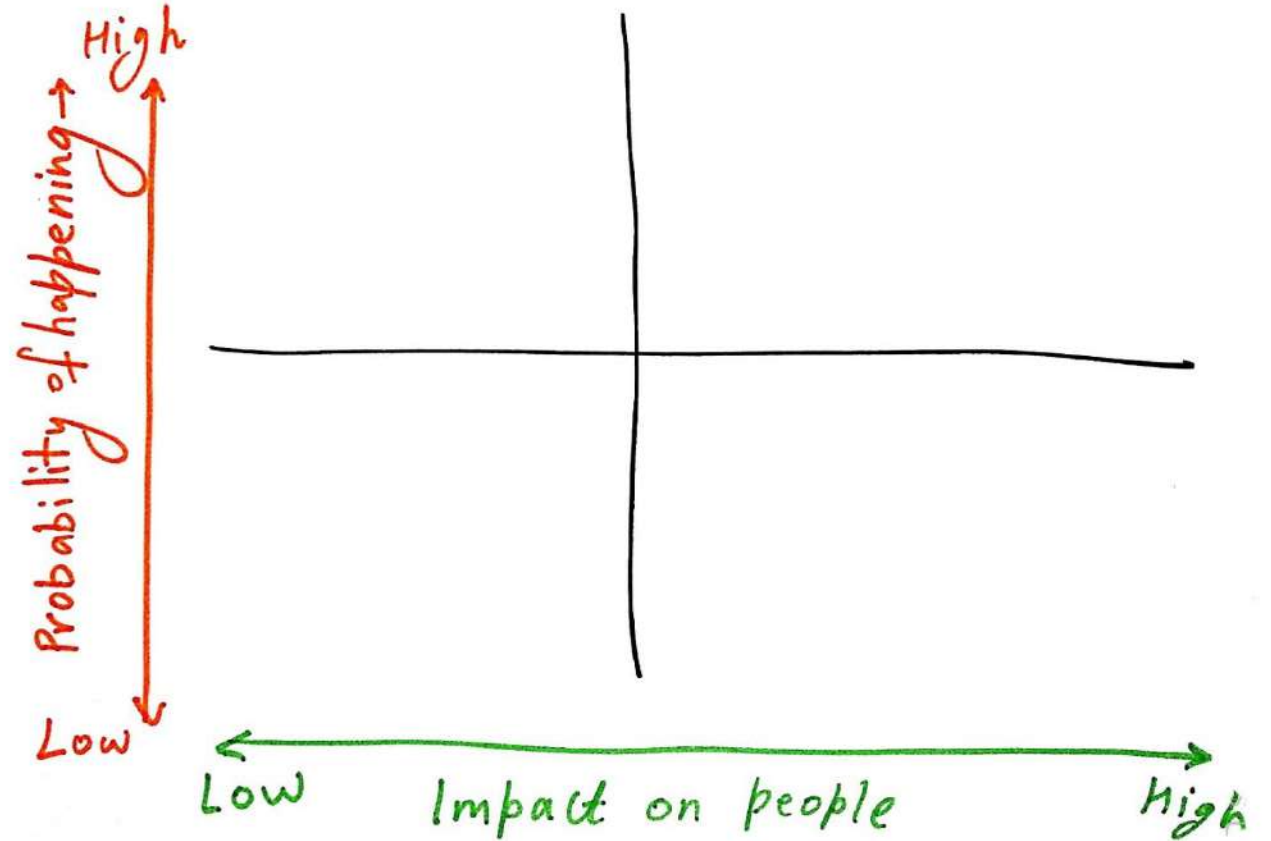

2

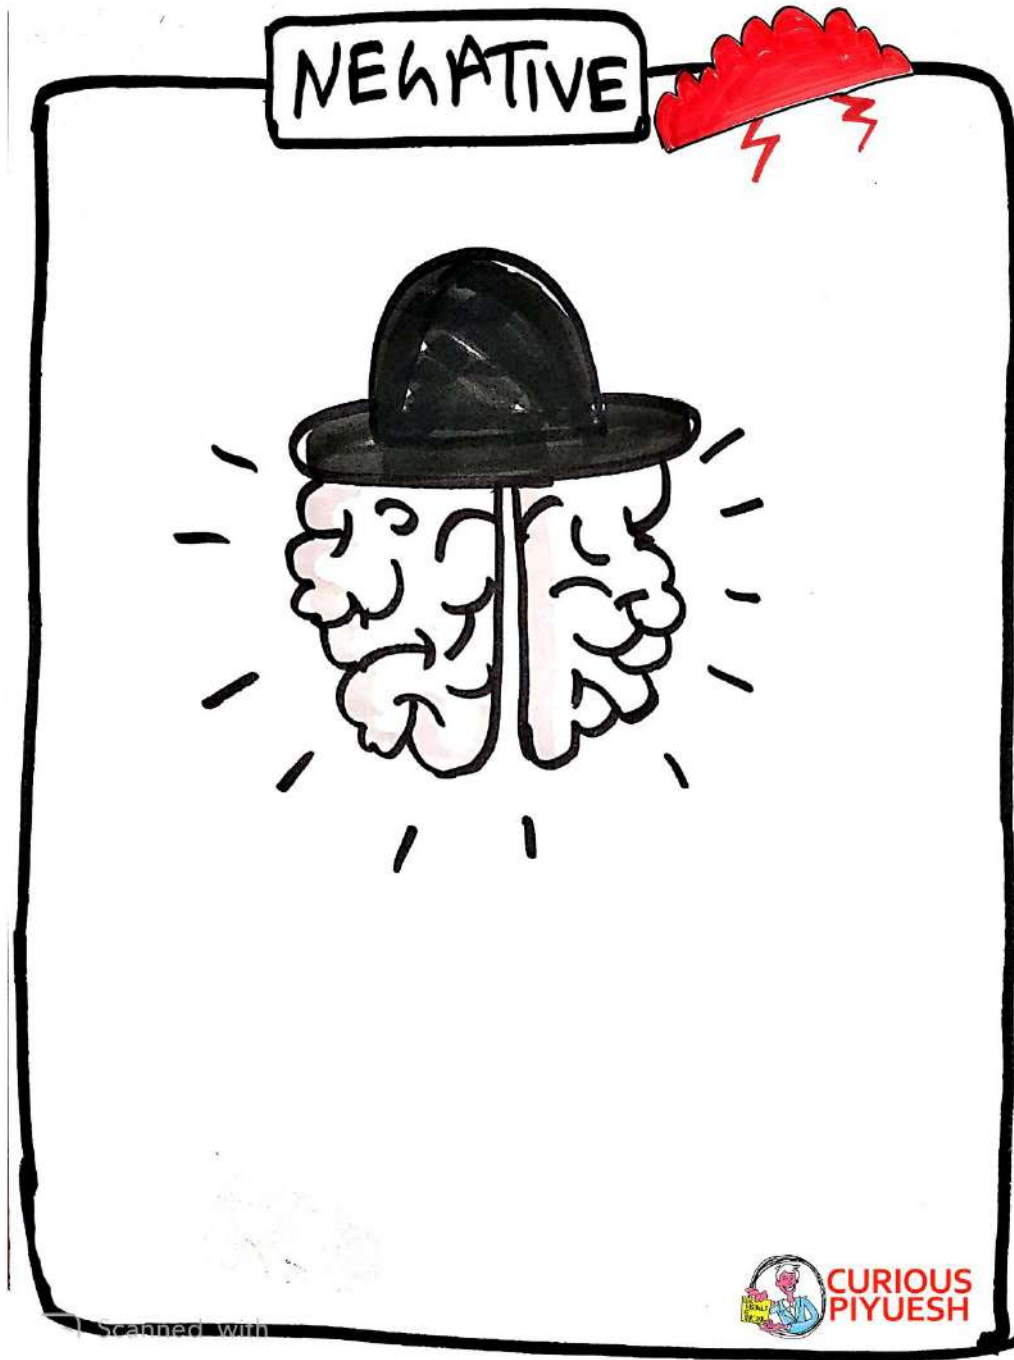

15 mins

- Discuss what went well with projects related to the topic in your experiences
- Discuss what may go well if projects are made around the topic
- Only positive. No negative.
 - Don't judge any one's positivity

Use this graph to
paste your post its
Take help of your
group and table
leader to judge in
which quadrant your
post-it must go

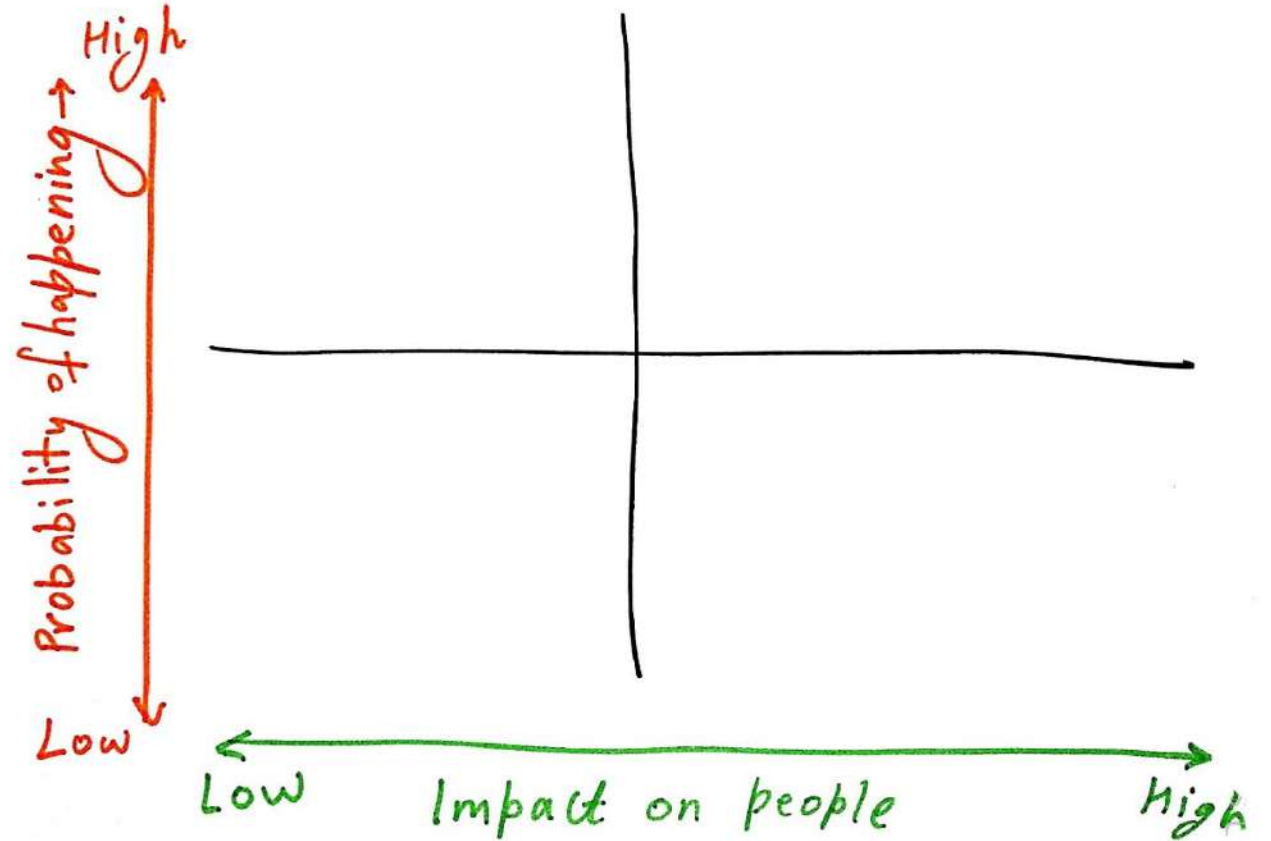

3

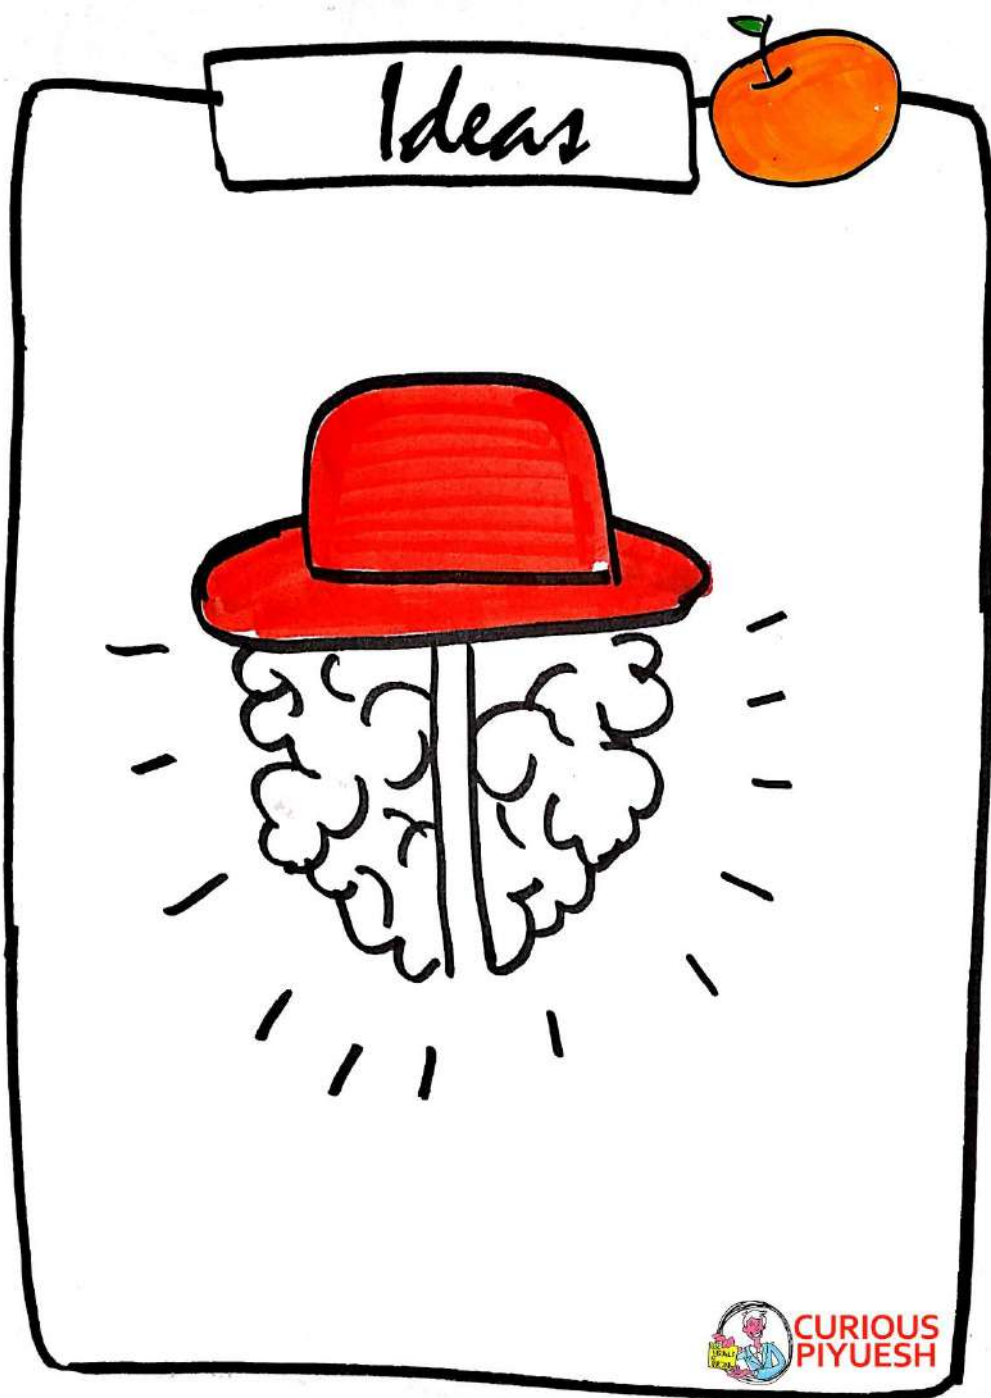

15 mins

- Discuss what went bad with projects related to the topic in your experiences
- Discuss what may go wrong if projects are made around the topic
- Be critical. Don't worry if the environment goes negative.

Use this graph to
paste your post its
Take help of your
group and table
leader to judge in
which quadrant your
post-it must go

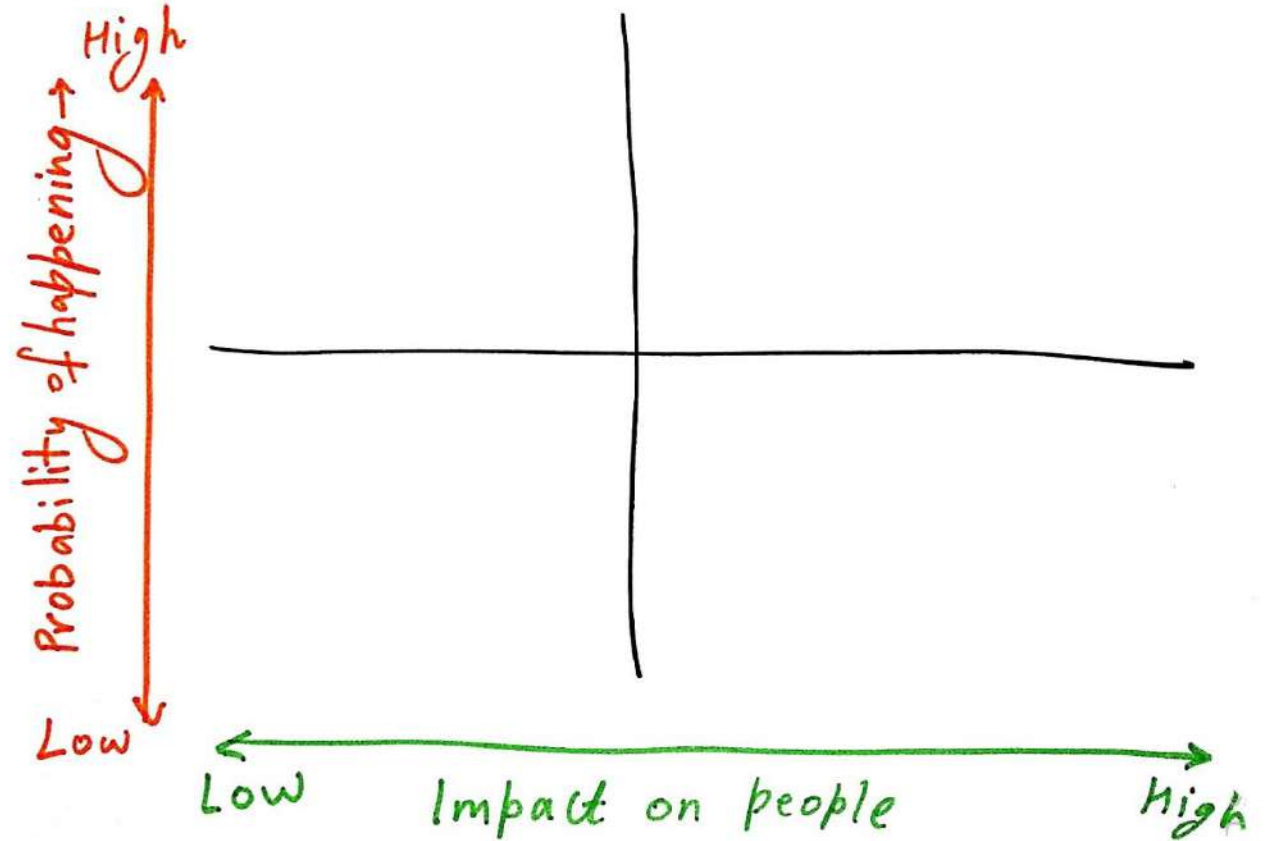

4

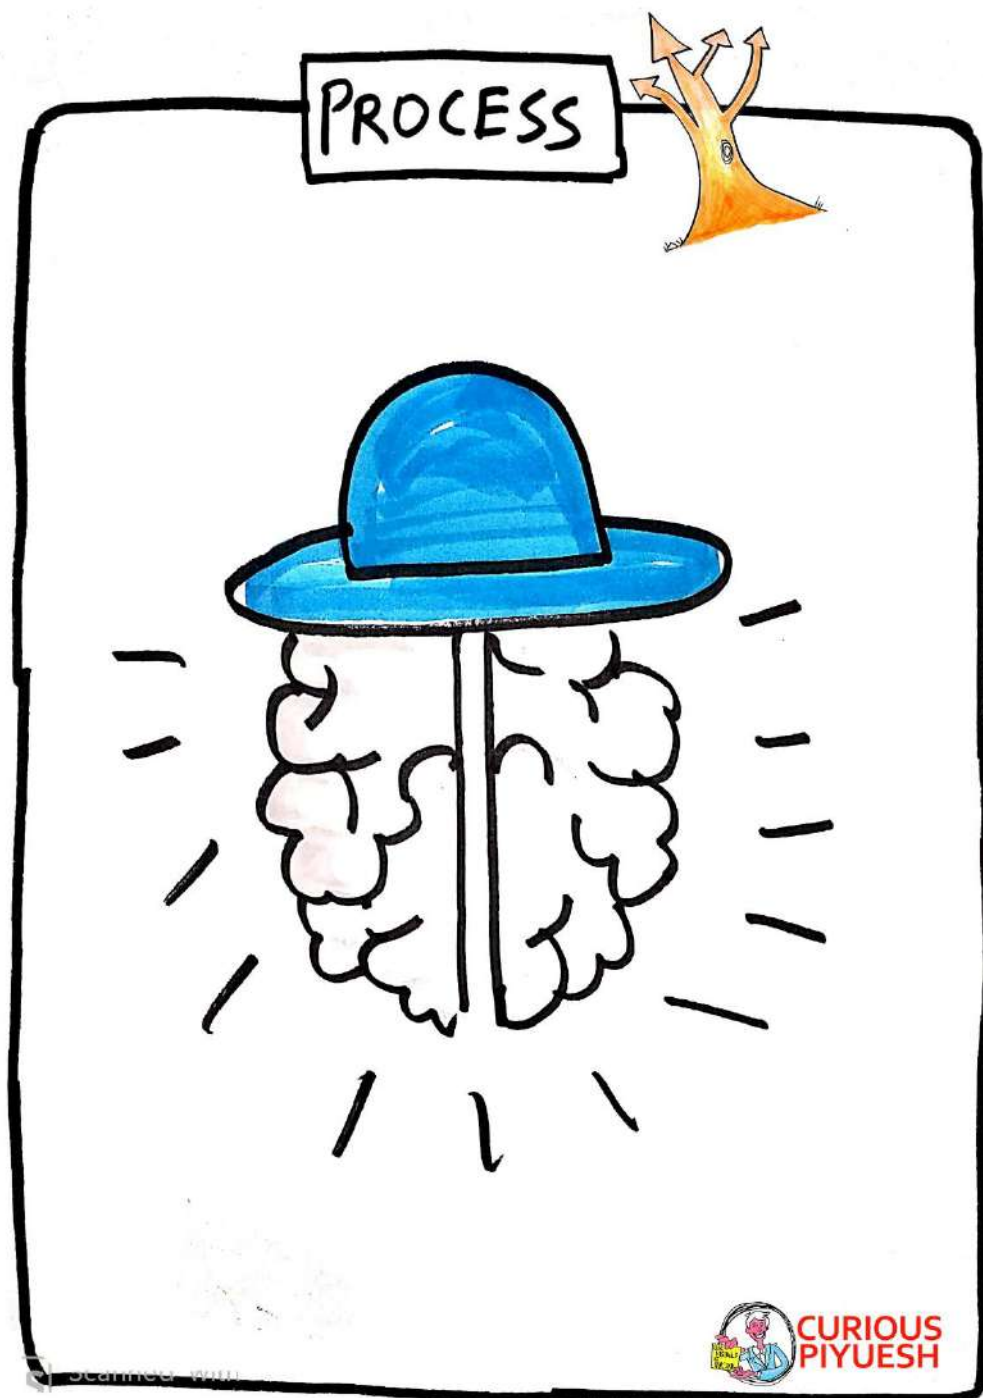

15 mins

- Now you know about FACTS, POSITIVE and NEGATIVES of the topic, this is the time to generate IDEAS around the topic.
- Don't think about the process.
 - Discuss the 'WHAT'.
 - Don't think about 'HOW'
 - Think about different outcomes, goals and aims.

Use this graph to
paste your post its
Take help of your
group and table
leader to judge in
which quadrant your
post-it must go

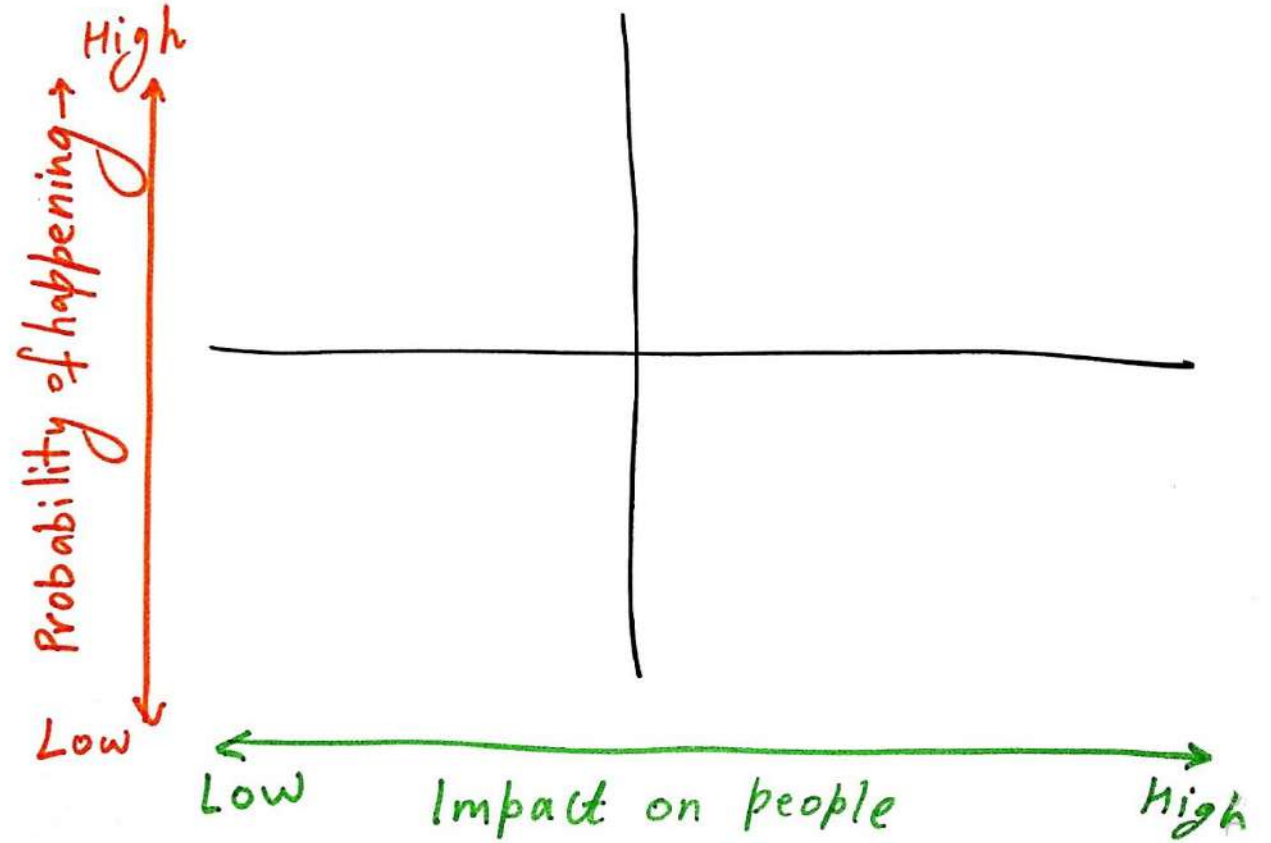

5

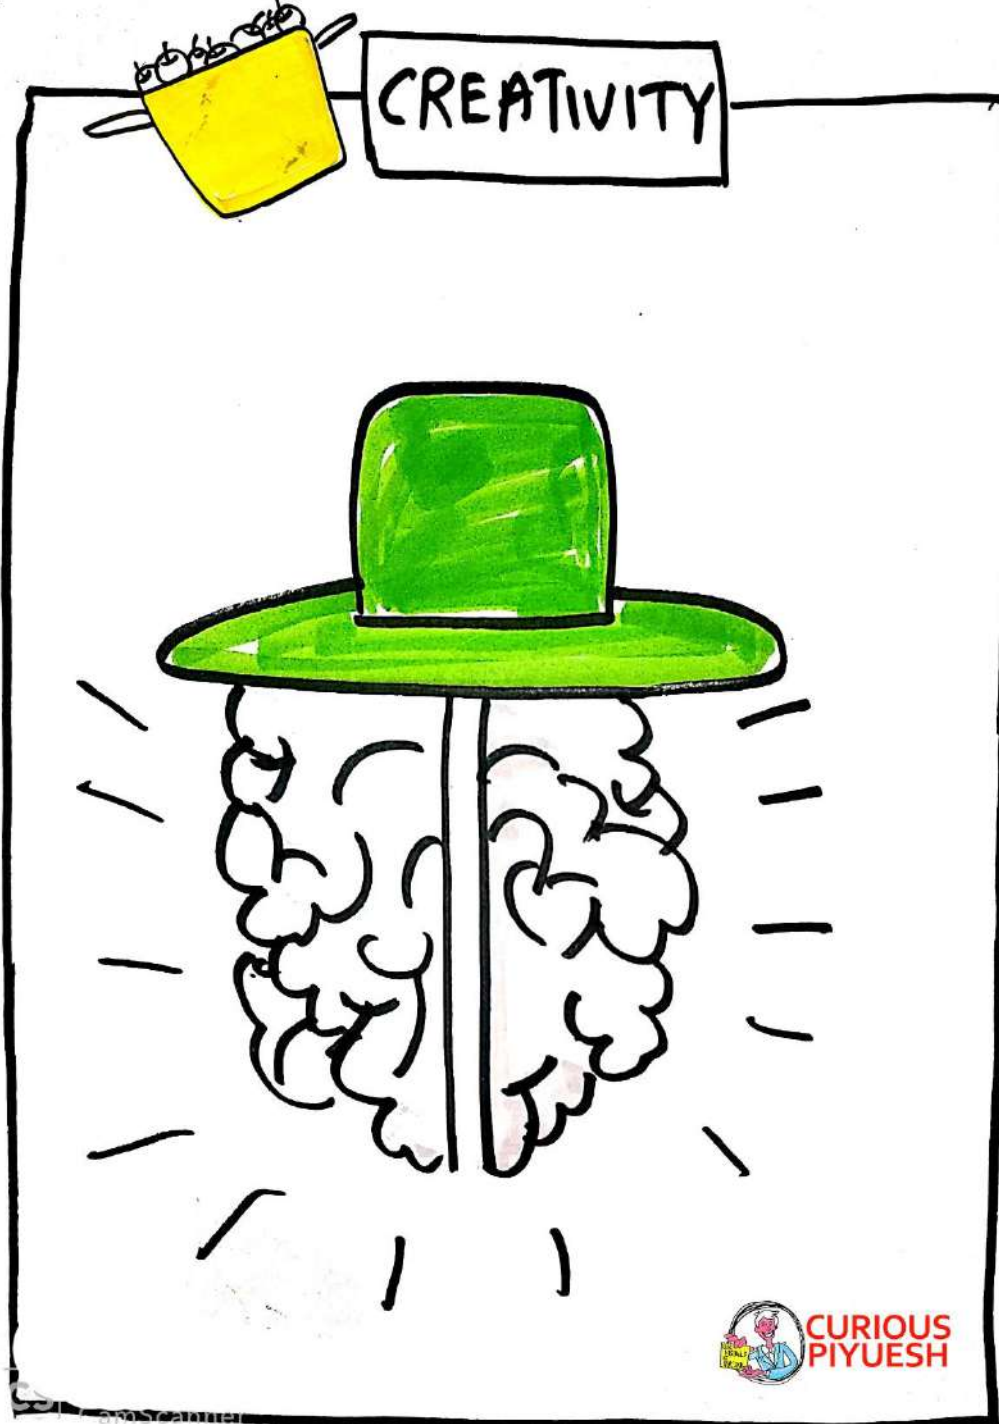

15 mins

- Now you have the IDEAS with you, it is time to think about 'HOW WILL YOU EXECUTE THE IDEA'
- Think about stake holders in the process
 - Think in steps
- Step A- Step B –Step C – Step D → Goal

Use this graph to
paste your post its
Take help of your
group and table
leader to judge in
which quadrant your
post-it must go

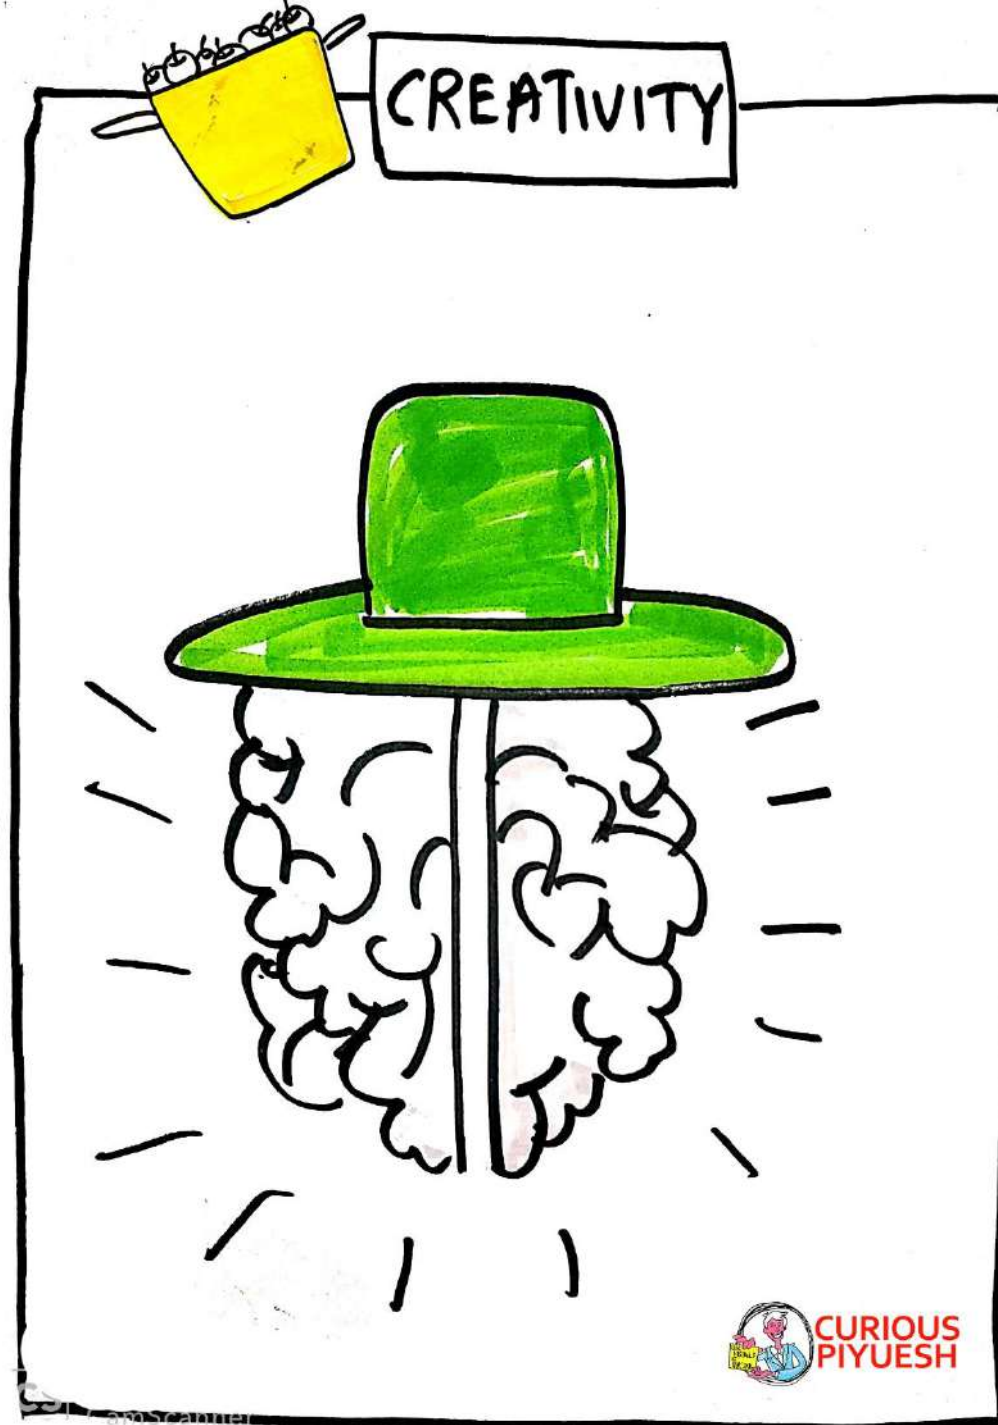

6

15 mins

- Now your IDEAS are ready.
You also know HOW TO EXECUTE YOUR IDEAS. This is the time you add creativity to it.
- How the process can be shortened
- How costs can be saved
- Can you add or remove some steps to make it more viable and more useful ?
